WHAT IS CO-PRODUCTION

The term co-production refers to a way of working, whereby everybody comes together on an equal basis to create a service or come to a decision which works for them all.

HOW WE WORK

The Coproduction Team works alongside young people with lived experience of disability to support, encourage and facilitate them to have their say, ensuring that their voices are heard and that they are able to contribute and influence how things in Wiltshire are shaped and developed.

Using creative and interactive ways of engaging with people each piece of work is uniquely co-produced, to value the authentic voice of all individuals.

WHO CAN GET INVOLVED

Working with young people aged 5 to 18 we identify ways in which they can live their lives well in Wiltshire. Making local change happen that benefits their futures.

There are lots of different ways that you can get involved including:
